# YOUR PARTNER FOR DIGITAL TRANSFORMATION.

We are familiar with the challenges you have to face, and support you in professionally meeting the requirements related to digitalization and ever more complex IT landscapes as well as the quest for innovation and flexibility. We develop innovative IT solutions for our customers, giving fresh impetus to their projects on the basis of our many years of experience in this sphere.

As a customer you will benefit from our wide range of products that covers all areas of your software management:

**Application Services:** we oversee our customers' applications throughout their life cycles, cutting infrastructure costs on a long-term basis. We provide advanced technologies and proven systems to make you benefit from our know-how: from the development of individual applications, the management of complex IT environments and automated testing services through to the modernization and migration of core systems.

**Customer Experience Management:** we provide the technology required to establish good customer relations, and help companies to optimally focus on the needs of their customers. In this way, you will ensure a positive experience for your customers in all areas and establish a unique position for your company in the market.

**e-Government Services** address all public institutions and provide efficient solutions – from tax administration through to legal information systems.

# OUR FOCUS IS ON OUR CUSTOMERS.

Founded in 1999 in Vienna, the Qualysoft Group is a manufacturer-independent IT consulting and service company. A staff of over 500 work on locations in Austria, Germany, Hungary, Switzerland, Slovakia, Romania and Serbia, all of them applying their many years of experience, their know-how, and dedication to implementing your projects.

## Sustainably successful partnerships

Our customers and their needs are our primary concern. As strategic partners, we will cooperate closely with you, with a focus on your sustainable success.

## Exciting results through innovation

Our aim is to inspire our customers with new ideas, and to provide them with a true competitive advantage through individual services, innovative functionalities, and the latest technology.

## Flexible solutions for international customers

You will benefit from the advantages of our international set-up: Locally recruited teams proficient in the respective national languages ensure close contact with customers; project teams collaborate efficiently across all borders. In the process, we can flexibly accommodate the special requirements and needs of our internationally active customers.

Success through inspiring solutions.

# Corporate Citizenship

---

Qualysoft bases its business decisions on societal values and ethical principles to create an environment for our employees, customers, and partners that is thoroughly geared to the future. In the sphere of promoting culture and the arts, we have been actively cooperating with renowned partners such as the Collegium Hungaricum and the Slovakian Cultural Institute, organizing exhibitions for up-and-coming artists. The cooperation with the Austrian Journalists' Congress is another concern of great importance to us.

As part of our corporate social responsibility, we have been supporting the Austrian Red Cross for many years, and have successfully completed several projects already. Since 2015, the Austrian children's cancer charity *Österreichische Kinderkrebshilfe* has also counted among our cooperation partners.

**ÖSTERREICHISCHES ROTES KREUZ**

„We have been cooperating with the company for several years now. Thanks to the new website that Qualysoft has helped us implement, we are now able to present our Kinderburg Rappottenstein facility in a modern and convenient way.“

Peter Kaiser,  
Regional Managing Director of the Lower Austrian Red Cross.

IT solutions by Qalysoft enable our customers to master the challenges of the digital revolution and become more successful.

### Our customers on Qalysoft:

We benefit from maximum flexibility.

“Qalysoft oversee our nearshore project by providing professional planning, above-average quality and contributing many years of experience, enabling us to cut costs and increase our flexibility in resource planning.”

**Mag. Günther Seifert**  
Managing Director of Porsche Informatik

We highly appreciate the solution-focused approach.

“It is the solution-oriented approach pursued by the Qalysoft staff that ensures that our multifunctional CRM system can be quickly adjusted to our needs. We appreciate the excellent collaboration, as the output makes every-day work significantly easier for us.”

**Michael Kasserra**  
CRM & Digital Marketing Manager at TUI Austria
